"Take My Hand"

Calm your nerves now
Don't worry, just breathe
Are you sure now?
Don't bother packing, let's just leave
Said they wanted change
I hope that you remain the same
To show that this is not a game
Let's end this tragedy today

Now take my hand and we will run away
Down to this place that I know
How did this night become the enemy?
It's over, it's over, it's over

Lay down with me
Let me hold you, baby just breathe
This is ending
We will get through eventually
Said they wanted change
I hope that you remain the same
To show that this is not a game
We'll end this tragedy today

Now take my hand and we will run away
Down to this place that I know
How did this night become the enemy?
It's over, it's over, it's over

Take my hand and we will run away
Down to this place that I know
And did this night become the enemy?
It's over, it's over, it's over now

We won't be a part of
We won't be a part of this
We won't be a part of
We won't be a part of this
We won't be a part of
We won't be a part of this
We won't be a part of
We won't, we won't

Take my hand and we will run away
Down to this place that I know
How did this night become the enemy?
It's over, it's over, it's over

Now take my hand and we will run away
Down to this place that I know
How did this night become the enemy?
It's over, it's over, it's over
