I come over, quarter past two, love in my eyes, blinded  
by you  
Just to get a taste of heaven, I'm on my knees  
I can't help it, I'm addicted, but I can't stand the pain  
inflicted  
In the morning, you're not holding on to me

Tell me what's the point of doing this every night?  
What you're giving me is nothing but a heart  
It's a lullaby, gonna kill my dreams, oh  
This is the last time, baby make up your mind

'Cause I can't keep sleeping in your bed if you keep  
messing with my head  
Before I slip under your sheets, can you give me  
something, please?  
I can't keep touching you like this, if it's just  
temporary bliss  
Just temporary bliss

We were on fire, now we're frozen, there's no desire,  
nothing spoken  
You're just playing, I keep waiting for your heart(I keep  
waiting for you)  
I am fiending for the sunshine to show our love in a  
good light  
Give me reason, I am pleading to the stars, tell me

Tell me what's the point of doing this every night?  
What you're giving me is nothing but a heart  
It's a lullaby, gonna kill my dreams, oh  
This is the last time, baby make up your mind

'Cause I can't keep sleeping in your bed if you keep  
messing with my head  
Before I slip under your sheets, can you give me  
something, please?  
I can't keep touching you like this, if it's just  
temporary bliss  
Just temporary bliss

I'm your one and only, only when you're lonely  
I'm your one and only, only when you're lonely  
I'm your one and only, only when you're lonely, baby  
why you callin' me?  
Not another one night tryin to be your whole life,  
I don't wanna fall asleep

I'm your one and only, only when you're lonely, baby  
why you callin' me?  
Not another one night, tryin' to be your whole life

I can't keep sleeping in your bed if you keep messing  
with my head  
Before I slip under your sheets, can you give me  
something, please?  
I can't keep touching you like this, if it's just  
temporary bliss  
Just temporary bliss

I can't keep sleeping in your bed if you keep messing  
with my head  
I can't keep feeling love like this, it's not worth  
temporary bliss
