Oh, yeah, baby, ha, ha, ha

C Note's comin' home, girl, yeah

Can you feel me

'Cause I'm sure to feel you, girl, yeah, uh

Wait till I get home to that sweet, sweet lovin'

Gonna get it

Wait till I get home to that sweet, sweet lovin'

Gonna get it

Baby, I want to shower you with my love

Yeah, baby, just wait till I get home

Once I get you in my arms

You'll never get enough

I need your huggin' and your kissin'

Baby, you are the one I've been missin'

Ooh, when I get home gonna do you, girl

Treat you like a real man should when I get home

Wait till I get home to that sweet, sweet lovin'

Gonna get it

Wait till I get home to that sweet, sweet lovin', baby

Gonna get it

Bring it on home daddy

Anything you want, baby, I will do for you, you

Just wait till I get home

When it's time for makin' love

We'll rock the whole night through

All I wanna do, that's right

Baby, I need your love and affection, yeah

Get things movin' in the right direction

Six o'clock

Time to make love

Nine o'clock

Take a little breather

I just can't wait

Damn, I can't wait to see her when

I get home

Wait till I get home to that sweet, sweet lovin'

Gonna get it, yeah, as soon as I get home

Wait till I get home to that sweet, sweet lovin'

Gonna get it

Home, wait till I get home

I'm gonna love you all night long

And you'll never be alone

Just wait till I get home

Just wait till I get home

Bring it on home daddy

Wait till I get home to that sweet, sweet lovin'

Gonna get it

I'm gonna move your body

Wait till I get home to that sweet, sweet lovin'

Gonna get it

Just wait till I get home

Wait till I get home to that sweet, sweet lovin'

Gonna get it, just wait till I get

Wait till I get home to that sweet, sweet lovin'

Gonna get it
