(S.DAY)

I am flying high, with two feet on the floor.
Six, six city flight path like a never before.
I am going crazy, crazy with delight.
Fun, fun, fun on every night.
Yes i wanna go, you can make me do,
anything that you want me to.
To the stars, and back every night.
Interstellar surfing, till the hearts delight.
Mama's going crazy, Daddy's going too.
Fun, fun, fun I aint got nothing to lose.
Yes i wanna go, you can make me do,
anything that you want me to.
My sister says, "Don't Waste my time."
In and out of trouble, like a nursery rhyme.
My friends are going crazy, I am going too.
Fun, fun, fun, we aint got nothing to lose.
Yes i wanna go, you can make me do,
anything that you want me to.
Yes i wanna go...
