I was full of suggestions  
You were always content  
Today I tried to remember  
All the good things about you  
But, I haven't made a dent  
Your X's & O's  
I'm gonna miss  
I've come so close  
But, I just can't win  
You can say that again  
I never knew how good I had it  
You said you'd tell me a secret  
If I can guess what it is  
I said, "Is it easy?"  
You said, "It's a cinch."  
Your X's & O's  
I'm gonna miss  
I've come so close  
But, I just can't win  
You can say that again  
I never knew how good I had it
