Oh my darling wonder
How I wonder where you are
And I hope it's not too far
If I shouted out loud
Would you come to find me here
Lying in your memories?

You you you
You've got my soul
She's got my heart
But you know you're the one
The only one I see, I always see
But you'll never be the one for me

I wish I could have told you
Everything I meant to say
I hope I get the chance someday
If I hurt you, know that
I never meant it in that way
I hope it helps to hear me say

You you you
You've got my soul
She's got my heart
But you know you're the one
The only one I see, I always see
But you'll never be the one for me

But let me try, let me try
Let me try to get you back
I think I'm fallin' for you
I believe I'm fallin' for you
For you again.

You you you
You've got my soul
She's got my heart
But you know you're the one
The only one I see, I always see
But you'll never be the one for me

I'd love to start all over
But I'll never get it right
If you get this know I tried
