now i am back home we keep stacks long  
soon as I touch down baby let's get it on  
C A all day rap it for the old game  
.. I feel the .. breeze we are getting the .. cheese  
I will be gone for too long  
And this is all wrong but now I am back on my feet  
This hurt is so deep  
Never let them to get close  
That's what I miss most  
This time to .. top down fresh hoes  
Down town to the spot for some fresh clothes  
Same this is .. stopping ground  
An the other place really ain't nothing out  
Ain't the side of my life  
They really got me knocked out  
Never let them do it again  
It's getting fucked up  
You cannot trust if it ain't worthy  
.. I am looking for something that's curvy  
She never hurt me it's alright though  
I'll be in the .. asking where the light go  
But I am the same dude guess I kept it too real  
Get cash up in my bank I .. the new deal  
How would you feel if everybody you knew  
.. nothing is true  
I am gone .. fake shit making me ..  
.. popped on the next plane shipping out the ..  
Rock in the bay I could really let my nuts hang  
It's a trust thing that's why I am back at the crib  
.. no better place to live  
That's what it is

I am from the place where niggers are moving my way  
So fix your mind .. I had to learn that .. want me to open  
up  
Nigger you gotta earn that .. on these niggers like ..  
Hustler for my own life nigger so I never broke  
Ice .. in my veins nigger so I never choke .. big city

Girls ont heir best shit .. I take it as a plus now  
Out with the old ,worse than it ever seems I have seen a
