Does it upset you  
To see where I lay  
And tell me does it make you sad  
'Cos i am weak, you will pray  
And tell me does it back you up  
Fuck your mind  
And leave you feeling unstable, again

Give me, room to breathe  
Just a little, room to breathe

Would it make you sad if I  
Stepped back and laughed  
as I made you sad  
As I made you CHOKe!  
Would it make you wanna DIE!

Would it make you sad if I  
Stepped back and laughed  
as I made you sad  
As I made you CHOKe!  
Would it make you wanna DIE!

And there's no excuse  
For the games that you play  
And tell me why there's no escape  
From the things that you say  
And tell me does it stay inside  
Fuck your mind  
And leave you feeling violated, again

Give me, room to breathe  
Just a little, room to breathe

ROOM TO BREATHE!

Would it make you sad if I  
Stepped back and laughed  
as I made you sad  
As I made you CHOKe!  
Would it make you wanna DIE!

Would it make you sad if I  
Stepped back and laughed  
as I made you sad  
As I made you CHOKe!  
Would it make you wanna DIE!

Does it make you  
Make you sad  
DOES IT MAKE YOU!  
MAKE YOU SAD  
DOES IT MAKE YOU SAD!

Would it make you sad if I  
Stepped back and laughed  
as I made you sad  
As I MADE YOU CHOKe!  
Would it make you wanna DIE!

Would it make you sad if I  
Stepped back and laughed  
as I made you sad  
As I MADE YOU CHOKe!  
Would it make you wanna DIE
