I don't care anymore  
Or maybe I'm just not sure.  
'Cause I'm upside down,  
and inside out again.  
Yeah, Oh.

Your car races by like the wind.  
You smile at me, I can't pretend  
You're not everything I've been dreaming of.

(Chorus)  
Life falling, earth shaking  
Feels like love, but my heart's breaking.  
You're getting into my head, I'm going out of my mind  
But I'm coming back every time.

You're perfect, I'm crazy  
What have you done for me latley  
It happens every time, when I look in those eyes.  
Always falling for the Bad Guys.

It's hard 'cause I've been here before  
I gotta know what's behind that door.  
So let me in, here we go again.

(Chorus)

Always falling for the Bad Guys(4x).

Life falling, earth shaking  
Feels like love, but my heart's breaking.  
You're getting into my head, I'm going out of my mind.

You're perfect, I'm crazy  
What have you done for me latley  
It happens every time, when I look in those eyes.  
Always falling for the Bad Guys(2x).
