You're moving faster than an outbound train  
Trying to find a way to outrun pain  
And every time you start to come undone  
You always start to run  
My heart is breaking for you, I admit  
It's hard to watch you fall apart like this  
And I can't begin to know your sorrow  
I have not walked far inside your shoes  
And I wish you would let me  
Love you through this

'Cause I'll stay with you (even in your darkest night)  
Wait with you (for a little sign of light)  
Cry with you (if the answers never come)  
I'll be the one who  
Hopes with you (there will be a better day)  
So hold onto (every little piece of faith)  
As long as it takes, I'll stay

And if He sees a sparrow fall or fly  
Watches the lilies open to the sky  
Then how much more does He love you and I  
Sometimes it's hard to just believe it's true  
But if you can't, I will stand believing for you

'Cause I'll stay with you (even in your darkest night)  
Wait with you (for a little sign of light)  
Cry with you (if the answers never come)  
I'll be the one who  
Hopes with you (there will be a better day)  
So hold onto (every little piece of faith)  
As long as it takes, I'll stay

Let me be still and quiet  
Let me be Love's reminder  
Let me be the one who's meant to  
Be the arms that Jesus sent you...

'Cause I'll stay with you (even in your darkest night)  
Wait with you (for a little sign of light)  
Cry with you (if the answers never come)

I'll be the one who  
Hopes with you (there will be a better day)  
So hold onto (every little piece of faith)  
As long as it takes, I'll stay
