You never think that your time will come  
Tangled in choices that come undone  
Beautiful girl with the secret pain  
You think that this is the only way

To find love  
Does anyone hear you now  
Or see you reaching out

All this weight that keeps dragging you under  
And everyday you wake up and you wonder  
Is anybody listening at all  
And is there a safe place to fall  
You never think that you're good enough  
You never think that your best adds up  
'Cause daddy says we don't settle for  
Anything less than your best and more  
Just hold on....  
'Cause when you are weak He's strong  
And you are not alone

All this weight that keeps dragging you under  
And everyday you wake up and you wonder  
Is anybody listening at all  
And is there a safe place to fall  
You never think that you're good enough  
You never think that your best adds up  
'Cause daddy says we don't settle for  
Anything less than your best and more  
Just hold on....  
'Cause when you are weak He's strong  
And you are not alone

Fall into his arms again  
Let him love you, let him love you  
You're never alone when you

Let him hold you  
Rest and know that you are safe

'Cause when we are weak, He's strong

Just keep holding on

All this weight that keeps dragging you under  
And everyday you wake up and you wonder  
Is anybody listening at all  
And is there a safe place to fall  
You never think that you're good enough  
You never think that your best adds up  
'Cause daddy says we don't settle for  
Anything less than your best and more  
Just hold on....  
'Cause when you are weak He's strong  
And you are not alone
