I know you're past
The point of breaking into pieces
I know you feel
Like there's no reason even worth this
And when you cry
The tears that fall dont even touch your pain, no, no

Even though you feel alone
Even though your strength is gone
As your weary heart just tries to hold on
Even if your faith is lost
Even if its hard to trust
In a Lord, that would let the rain fall down
Trust in me now
Trust in me now

I can hear every prayer that goes unspoken
I feel the weight, yeah, of everything thats on your
shoulders
So dont give up
There is nothing we can't overcome
Oh, oh

Even though you feel alone
Even though your strength is gone
As your weary heart just tries to hold on
Even if your faith is lost
Even if its hard to trust
In a Lord, that would let the rain fall down
Trust in me now
Trust in me now

I can see what you cant see
I will hold you close to me
Through the storm until you see the light

And even if you feel alone
And even if your strength is gone
As your weary heart just tries to hold on
Even if your faith is lost
Even if its hard to trust

In a Lord, that would let the rain fall down
Trust in me now
Trust in me now
Trust in me now
Trust in me now
