Do you remember that sunny day  
Somewhere in London  
In the middle of nowhere  
Didn't have nothing to do that day  
Didn't want to do nothing anyway  
You got a way of walking  
You got a way of talking  
And there's something about you  
And now I know I never ever  
Want to be without you  
I want to be haunted by the ghost  
I want to be haunted by the ghost  
I want to be haunted by the ghost  
I want to be haunted by the ghost  
Of your precious love  
Of your precious love  
The first time I saw you  
Standing in the street  
You were so cool you could have  
Put out Vietnam  
All the girls say "what's he like?"  
I said "He's kind of shy  
But that's the kind of girl I am,  
He's my kind of guy"  
I want to be haunted by the ghost  
I want to be haunted by the ghost  
I want to be haunted by the ghost  
I want to be haunted by the ghost  
Of your precious love  
Of your precious love  
I'll build my world around you  
I'll bless the day that I found you  
I'll stay beside you and I'll never leave  
Or tell you all those lies you'd never believe  
Uh huh huh  
I want to be haunted by the ghost  
I want to be haunted by the ghost  
I want to be haunted by the ghost  
I want to be haunted by the ghost  
I want to be haunted by the ghost  
I want to be haunted by the ghost

I want to be haunted by the ghost  
I want to be haunted by the ghost  
Of your precious love  
Of your precious love  
You got a way of walking  
You got a way of talking  
And there's something about you  
That's the kind of girl I am,  
He's my kind of guy  
And now I know I never ever  
Want to be without you  
I want to be haunted by the ghost  
I want to be haunted by the ghost  
I want to be haunted by the ghost  
I want to be haunted by the ghost  
And now I know I never ever  
Want to be without you  
Haunted... Haunted... Haunted...
