Did he move a bit too fast, then insist you have another glass?

Did he ask to see your astrological chart?

Did you say that this was fun,  
But I've already got someone, yeah.

Tell me, did you let him come inside your apartment?

Did he pretend and take you?

Did he bend and break you?

Did he try to remake you?

Into something that you never thought you'd ever  
wanna be, yeah.

Does he use you?

Just the way that I used to

Does he work you then re-work you, while he jerks you?

Does he hurt you like me? Yeah.

Does he hurt you like me, baby?

Did he ask about your mates, when he saw the bottle by  
the bed?

Did you go ahead and give him headstrong answers?

Did he walk you to the door? Yeah.

Kiss you once and beg for more? And.

Tell me, did you tell him that you're a horrible dancer?

Did he pretend and take you?

Did he bend and break you?

Did he try to remake you?

Into something that you never thought you'd ever  
wanna be, yeah.

Does he use you?

Just the way that I used to

Does he work you then re-work you, while he jerks you?

Does he hurt you like me?

Does he hurt you like me, baby? Ohh.

Does he get you off track?

Lay you down on your backyard swing

And sing a song of yesterday, and

Finally make you feel the way  
You never felt with me.

Does he pretend and take you?  
Does he bend and break you?  
Does he try to remake you?  
Into something that you never thought you'd ever  
wanna be, yeah.

Does he use you?  
Just the way that I used to  
Does he work you then re-work you, while he jerks you?  
Does he hurt you?

Does he pretend and take you?  
Does he bend and break you?  
Does he try to remake you?  
Into something that you never thought you'd ever  
wanna be, yeah.

Does he use you?  
Just the way that I used to  
Does he work you then re-work you, while he jerks you?  
Does he hurt you like me?

Yeah, yeah... tarararatata.

Does he hurt you, baby?  
Does it? Tell me.  
Does it? Tell me.  
Does he hurt you?

Does it? Tell me.  
Does it? Tell me.  
Does he hurt you?  
Does he hurt you like me?
