Versace ah, is on my wrist
My nigga bitch pack...
We out to get the major chips
Talk sit, we will bust your lip
Be quiet, shh, you a hoe nigga
Look at me, Iâ€™m so fitty,
Like new air, I bust head
Pulling out in my mist aid, my high horse, you so boosy
Her manâ€™s so a town,
Ratchet bitch they stay around
My neighborhood call me mister rogers
Chopped up, screwed up
My homie dick be sloppied up
Iâ€™m heidi flights, I need a cut
Iâ€™m mighty nice, I need a blood
Thirst niggas Iâ€™ll waste from
They the main niggas getting beat up
Lil mur pop while I beat up

Lizard skin and them gators who

Choke a bitch all day em too
At the pad Iâ€™m popping
Before swag it was poppin
Nigga switched to round,
And bit the style, one last week there was rodman
The quarterback Iâ€™m the option,
On Sunday, call me apeman
Smoke a quarter pound of that heavy stone
But still thatâ€™s barely blazing

Blowing up that cookie jar
Fly nigga that will hook your broad
I got a nice pack of that cookie raw
Streets same as I shook the law
Damn back Iâ€™m on town now
Them scary niggas, them beastie boys
Criming out in that grand prix
26â€™s on east end boy, boy, boy,
Turn up across 4 lanes, I got a joint road
I got a joint lit
Floor shits keep where that joint sit
Got a bad bitch to be talking shit
Got a weak hoe that be stalking shit
Got a young broad that be galkin
Man she so impressed with my walking
Yeah she so impressed with this ballin
I might dump one on her heat
Pull up in that what you might call it
Yeah Iâ€™m not a blood with this red
Hoe if I pull it out then you did
Ripeasy, nigga with an attitude
Iâ€™m the new easy
