[Eso]

For all you baboon headed mother fuckers!

[Bliss]

Wake the fuck up

[Verse 1: Bliss]

Don't you dare pack a bong yet

Captain on deck, Bliss the

vegabond vet, pack a strong bet Mr.

Crack a long neck, got my song, wreck sit the

oracle of butter and just stagger on

Bliss like "wohhh"

My world treatment to the ear canal

It's soul so even when I speak you hear the style

But nooo

You wanna hear pretentious shit?

[Hyjak: Ey yo yo, humour us with an impression Bliss]

"I got endz(?) and benz and gems, 50 pearls

and I'm with 10, 10-10-50 girls

And my pen sends them cheeky pearls

When it cries "fuck me silly"

rather suck the willy of the industry

[Eso]

You feel a slong? You a killer - Wrong.

I'm just hoping for a better song floating in a billabong

I spin bam boogie in a bottle of whiskey

Then I drink "damn look at me now I'm wobbling tipsy"

But either you a fast hustlin' pimp

will cash muscle out wit? (Bliss: I guess)(??)

Skuzzle and whip

Or you was doin' nothin' and I'm paid shoveling shit

[Bliss]

But fuck, it's like we're the last struggling clique

In this land it's a game and every second they score

[Eso]

We on the bench player

[Bliss]

Cos we ain't got a record in stores

But still they're begging for more  
I'ma go silly and show Sydney  
we're the freshest rappers out since MC Bomiddy

[Chorus: Bliss/Hyak]

Where you at?  
On a bender just having a session  
Who you with?  
My Sin City crew cracking off at ya'll  
Yo who'se that singing?  
Some drunk popstar contestant  
I don't know how I got into this mess but this melody's  
fresh  
So let's do this  
Rock this  
Ruin This, knock this  
world of its axis  
we back to get it poppin'  
Let's do this  
Rock this  
Ruin this, knock this  
world of its axis  
Cos it's the way we rock this

[Verse 2: Hyjak]

There was cameras when we came to damage the  
place  
On stage acting like characters from Planet Of The  
Apes  
Steal your laminated plaques right off your neck  
They rock a set eating hash cookies - chocolate chip  
What would you expect from Dr. Es you don't want no  
nonsense  
Carrying fishing rods so you can catch a Loch Ness  
Monster  
Still convict minded, this island got me blinded  
gatecrashing the party like a kamikaze pilot  
Don't try no funny business, we some tummy ticklers  
running fingers 'round your hunnies nickers  
I'm the vicious, this is lyrics with a difference  
Too persistent, it even reads "perverse" on my birth  
certificate  
These misfits, few sandwiches less than a picnic  
You got ants in your pants, dance to this shit  
My lyrics drawn in a second  
That's right we come through turning Walkman's to  
weapons

Where you at?  
On a bender just having a session  
Who you with?

My Sin City crew cracking a fresh one  
Yo who'se that singing?  
I guess some French porno star  
But I'm a pro-baller and can't afford no car

[Verse 3: Eso]

I'm here, so go nuts and break some shit  
and watch tears turn to coco nuts and naked chicks  
A summer nutter "with fresh flows for the nation"  
And god I love a "Es Es O in the basement"  
But I stroll and roll with the bandits full of thinkers  
and still live like we're dancing under sprinklers  
This big bad mic here to give back love  
Chronic cupid(?) with the zig zag stuff  
So as long as this world turns into an American sitcom  
I wait for change like staring at lit bombs  
I wasn't hangin' on board just like a gang of angry  
orphans  
That's the reason why I couldn't give a fuck who sang  
your chorus  
See Bliss an esotericist who have got that head splitin'  
inspiration  
that everyone craves  
And I got a look in my eyes, given from a hit over the  
head  
that I copped at a very young age

[Chorus]

Where you at?  
On a bender just having a session  
Who you with?  
My Sin City crew cracking a fresh one  
Who'se that singing?  
That's ah Bonez on karaoke  
He started a new crew that Izm called the Smokey  
Dokey's(?)  
Let's do this  
Rock this  
Ruin This, knock this  
world of its axis  
we back to get it poppin'  
Let's do this  
Rock this  
Ruin this, knock this  
world of its axis  
Cos it's the way we rock it

[Scratches: DJ Izm]

"Bliss n Eso"

"Izm"

[Outro: Bliss]  
Yo what's crackin  
this is BL to the Steal  
AKA time to speak up  
We tell them we're DJ Izm right now  
on the Bliss n' Eso mixtape we're just about outta here  
But make sure you get Flowers In The Pavement
