[Verse 1: Bliss]

Yo I know a place that you lot can play  
It's a party that you can hear like two blocks away  
Fuck an attitude and fuck the right to prepare what to wear  
Fuck driving I rolled up on a barrel of beer  
And bustin through the door to Bliss N Eso bustin the speakers  
It's so packed in here that I'm steppin on sneakers  
But this MC corners me, he's got my patience spent  
'Cause he's wack but thinks he's the shit like David Brent  
Gave me his demo to sus, He wouldn't let go of my nuts  
I was like "Dude I'll be right back just need a bevo to clutch"  
Yo Bevo what's up  
I got the erge to write a sentence  
Izm rocked up with 3 Virgin flight attendants  
When his beer runs out there'll be some trouble and some bugging  
So open the fridge and stash the couple in the oven  
I'm a sneaky little cunty but believe me  
it was funny when I found two mingers gettin' freaky in the dunny  
("Wait Thats Not A Girl, what's up bro")

[Verse 2: Motley]

It's me Motley  
Didn't I tell you fuckers to watch me  
Bliss you know I'm pissed man you should've stopped me (\*hick up\*)  
Now I'm drunk and this fat chicks got me  
Hand-cuffed to the taps and now she's filling the bath  
I'm from the UK so she love the way that I rap  
But the bitch got sideburns worst than Shaft  
Shits not funny man please don't laugh  
That's when Eso bust down the door

[Eso]

Ay yo get your ass up off my bathroom floor

You've only had a couple of drinks we got more  
It's beer o'clock bro I told you before  
Now hit this weed

[Motley]  
But I don't smoke  
Ahh what the hell man just one toké

[Eso]  
Nah take two hits but watch you don't  
(Motley: w-w-watch y-y-ou don't choke)

[Chorus: {Bliss}]  
Well there's a party at my place n you're all invited  
A place to just chill, get ill and spend the night in  
You like that? "Hell yeh"  
Well get amongst the buzz and crack a night cap bro,  
this one's on us  
Well there's a party at my place n you're all invited  
A place to just chill, get ill and spend the night in  
You like that? "Hell yeh"  
Well get amongst the buzz and crack a night cap bro,  
this one's on us

[Verse 3: Eso]  
Ay yo it's freak fest two double o' five  
It's quiete in the hood but there's trouble at mine  
Brothers that are broke, we don't know how to be rich  
There's stolen steaks on the barbie on my balcony bitch  
I'm teaching newcomers how shape n make a bong  
While Bliss hides my beer so we can take em' later on  
Plus the colour of my c'mons like the Canberra Raiders  
It got me crackin' jokes with Izm playin' San Andres  
We got the whole block shacking outrageous  
'cause a party ain't a party without waking your  
neighbours  
Or makin' arrangements to go break in a basement  
and steal another mother fucking case for these  
cavemen  
Kicking flows freestyling on some ill shit  
If you ain't down with us then you not on the bill kid  
So piss off 'cause this cost nothing for my brothers  
Just a house party full of nuttty mother fuckers  
So bounce, break something, shake the house down  
Get on a stage and then make the crowd shout  
Bounce, break something, shake the house down  
Get on a stage and then make the crowd shout

[Chorus]

[Hook]

Party people in the place I'd like to get to know ya  
Party people in the place I'd like to get to know ya  
First push up your hands if you're a weed smoker

[Verse 4: Motley]

Look I'm so busy Esy Izm got busy on the ones and  
twisy two's  
Now I'm drinkin' Victoria Bitter out of my shoes  
That's when Bliss told me the bad news

[Bliss]

The door bust open there was two cops to see  
They turned the music off and said "Who'se got the  
weed?"  
and everyone went quite  
But then they told us the point  
"Carm down love, just roll a cop or a joint"

[Chorus]

[Verse 5: Eso]

It goes on and on and on till the break of break of dawn  
Everybody gettin' loose, everybody gettin' on  
and it's all good  
That's the moto so grab a bevo n let go until tomorrow

[Hook]

Party People In Place The I'd Like To Get To Know Ya  
Girls shaking their tutsies  
With a bim bam boogie and a bottle of whisky...

[Eso]

'Cause its my house, my crib, my kingdom  
where the floorboards creek and the kids keep singing
