"It's Only Love"

Close your eyes and keep the rhythm
Open your mind, I can't believe it
I gotta key to find the secrets
I gotta key to move your feeling
Move up your sex I touch your body
I wanna feel your soul my baby. Please let me love you
Dreams get easy the reasons to be free.

Cause it's only love. It's only love.
And it's only love.
It's only love. It's only love.
And it's only love.

I can feel the fire's burning
I can hear the wild wind blowing
Set me free, don't stop me baby
Don't you think I'm here for dreaming
Look at the sky, the stars are shining
Look at the sea, the sun's still rising
Open your heart, you'll find the secret
Now I believe in you
