"Warrior Of Destiny"

We don't live in this paranoid world.
We came from beyond.
A kingdom of pain, blood and tears.
We create your darkest dreams.
Every night when you asleep,
We infiltrate your fantasies.
We make you wanna suffer an die,
And then we take you on a trip.
You are living in a world of illusion,
You always close your eyes.
Your hearts are full of fear and pain.
Death will get you all.
We are the warriors of destiny.
We come to take your souls.
You will see the dark reality,
Existing through your bloody fears.
A painful force is tearing you soul apart.
You're just a toy in our hands.
It's just a game that you can win,
Because we break your bloody will,
Dies ist die Nacht Deines Lebens
Und es wird auch die Letzte sein,
Du must sterben um fr uns frei zu sein
