Hey I'm not in right now
But you can let a name and number
I'll get back to you
To you
I've got all this love

Waiting just for you
I just got to know that your love it's true
Can't keep running boy
Away from my life
Not cause the moon it's bright
If i let you come inside
Tomorrow will you hide ?
Will you be there for me ?
When i need someone to hold
Baby don't misunderstand
I want you for my men
I just need a little time before...
Don't walk away
Don't walk away
My love won't hurt you
Don't walk away boy
I'll be right there for you boy
You said all those things that i like to hear
You push on my buttons baby
Love it's heavy close to me
Wanna feel your love
I wanna know for sure
That is me just me baby
At your every night
If i let you come inside
Tomorrow will you hide ?
Will you be there for me ?
When i need someone to hold
Baby don't misunderstand
I want you for my men
I just need a little time before...
Don't walk away
Don't walk away
My love won't hurt you
Don't walk away boy

Don't walk away
I'll be right there for you boy
Baby don't misunderstand
I want you for my men
I just need a little time before...
Don't walk away
Don't walk away
I'll be right there for you
Don't walk away
This is what it's sounds like
Don't walk away
I'll be right there for you
