[Shanell:]

Aubrey...

[Aubrey:]

My girl Shanell...

[Shanell:]

Girl

I can't understand it why you want to hurt me

After all the things that I've done for you

I bought you champagne and roses and diamonds on
your finger

But still you hang out all night what am I to do?

Cause my girl likes to party all the time

Party all the time

Party all the time

My girl likes to party all the time

Party all the time

Party all the time...

[Aubrey:]

Girl

I've seen you in the club just hanging out and dancing

You give your number to every bitch you see

Never come home at night because you're out
romancing

I wish you'd bring some of that love home to me

Cause my girl wants to party all the time

Party all the time

Party all the time

My girl wants to party all the time

Party all the time

Party all the time...

[Shanell & Aubrey:]

Uh, she likes to dance she likes to drink

She's got that someting that makes me weak

She likes to watch she likes to tease

She likes them girls that are just like me

Knows how to keep 'em watching they can turn across
the bar

She flirts with every face she meets on the floor
So get your shot enjoy the drink
Cause when you're done you know your coming home
with me
Party all the time
