i finally told him he ment the world to me
is there anyone else he said girl dont worry bout a
thing
just as i pulled up in his drive way, they
pulled in behind he took them both by the hand
he told me i would'nt understand

(chorus)
instead of bein him it could of been me it would of
been
cool it would of been sweet
it coulda been he it coulda been we
it would of been fine it would of been G
it should of been us us us us us us
ohh boy it should of been us us us us us us

brought one ticket one box of popcorn sitten all alone
whish these two behinde me would keep it down or take
it home

so i turn to the left to give a piece of my mine
never expected to see the love of my like
ohhh but there he was in the corner kisses i could not
believe what

it could of been him it could of been me i would of been
cool it would of been sweet
it coulda been he it coulda been we it woulda been fine
