Verse 1:

Everytime I close my eyes I see your face
I can feel the warmth of your embrace
I can see the beauty of your holiness
Your guiding me in all my ways
You touched my heart and you fill me with your love

You promise you never leave me
Forsake me nor abandon me
You gave my life just for me
So that the world can see
Your amazing love set me free...

Chorus:

You're always there whenever I needed you
You hear my prayers whenever I call you
You comfort me with your amazing love
Your joy gives strength to my heart...

Verse 2:

In the sleepless night with no surrounding lights
I can feel the fear without you in my life
Even in the midst of the storm
In my weakness I am strong
I know for sure that I am not alone
