As I wondered down the long lonesome highway  
I meet other people on the way  
The broken hearted lovers who've been left along the  
by-way  
Living by night and hiding from the day  
The people I meet as I go on my way  
They all have a story to tell  
How they once had a lover who left them on the by-way  
To wonder this lonely hell

And if you know, don't let me go  
And if you know, don't let me go  
And if you know, don't let me go  
I love you so  
I love you so

So as I carry on down the long lonesome highway  
I meet other people on the way  
More broken hearted lovers who've been left along the  
by-way  
Living by night and hiding from the day

And if you know, don't let me go  
And if you know, don't let me go  
And if you know, don't let me go  
Cause I love you so  
I love you so

I love you so....
