Once upon a time she lay there in her bed  
eyes red from crying cheeks wet from tears  
she knew the truth but she lacked pride inside  
but she'd  
keep trying and  
keep failing  
but she'd

get up and walk outside and  
wonder why the light's so dim  
cause' she cried all day and she cried all night  
asking herself when?

how many times can a heart break  
before it cannot cry  
how many fails can lead successes  
before one fails to try  
I'll tell you that  
I'll tell you that

**CHORUS**

3 more days  
and 10 more tries  
she'll lead him on and then say goodbye  
daylight falls and  
darkness shines  
this is my song  
everyday falls  
everyone falls  
anyone can try again  
no more covers  
no more fronts  
this is my song  
I'm leaving  
starting new again

She never told you just how much she really cared  
so she'd leave you guessing never really knowing  
instead  
she would

break down  
forget  
try to erase the world outside  
but she wouldn't give up and  
she wouldn't give in  
she wouldn't give up  
she wouldn't give in  
keep trying, keeping trying

-CHORUS-

Once upon a time I lay there in my bed  
eyes red from crying cheeks wet from tears
