Oh It's been
hours
since you said you're coming over
I've been
waiting
to hear from you
I'm going crazy
pulsing with anticipation
one more night, one more time
to spend with you

CHORUS

Five more minutes and I'm out of my mind, uh oh
Ten more minutes I won't give you the time
you tell me that you mean what you say
but I can't stay
oh, I can't stay, I can't stay

I hear it all the time-
"it didn't mean a thing"
but I got a real good feeling that
this ain't a fling
every time I
see your face I go
weak in the knees
I want this one more time, one more time please
with you

CHORUS

Five more minutes and I'm out of my mind, uh oh
Ten more minutes I won't give you the time
you tell me that you mean what you say
but I can't stay
oh, I can't--
Five more minutes and I'm out of my mind, uh oh
Ten more minutes I won't give you the time
you tell me that you mean what you say
but I can't stay
oh, I can't stay, I can't stay
