There's a sadness that they don't see  
When you come to me, with your sorrows  
It's not enough for you to cry  
'Cause you don't know why it still hurts

I know we've been here a thousand times  
With your past full of lies, it's still there  
A constant struggle to find yourself  
But I know that I can't help at all, no

You don't have nothing but pride  
To keep you alive, yeah, alive, oh yeah  
I can say it will be fine, it's a beautiful lie  
So please, don't leave it all up to me

I see the way they talk at you  
They're always trying to prove, that they are better  
You run away 'cause you can't take  
The way they make you feel

Another self hate behind locked doors  
But then nobody knows something is wrong  
You made a cage that you cannot break  
I tried but I can't help at all

'Cause you know that

You don't have nothing but pride  
To keep you alive, yeah, alive, oh yeah  
I can say it will be fine, it's a beautiful lie  
So please, don't leave it all up to me

I can feel you, I can hear you  
I could help you it's a beautiful lie  
Lost in silence, trapped by violence, oh

A lie, a lie, yeah  
It's a beautiful lie, beautiful lie

You don't have nothing but pride  
To keep you alive, yeah, alive, oh yeah  
I can say it will be fine, it's a beautiful lie

So please, don't leave it all up to me

You don't have nothing but pride  
To keep you alive, yeah, alive, oh yeah  
I can say it will be fine, it's a beautiful lie  
So please, don't leave it all up to me
