Constantly, finding ways to fill the empty space
but still it seems
that nothing touches you anymore
and you're not relaly sure, which way to turn

If you feel the sadness sweep you off your feet
doubled in the things you feel
don't be ashamed of who you are
and don't be afraid to stand your ground

CHORUS X2

Cause at the end of the day
You're one step closer to finding your way
And although you might think your out of time
You're gonna be fine

You should know, that things arent always as they
seem
So why swim the depths of a tide
that's pulling you in
Makes you think your life has been,
a waste of time
Leave the shade and step out into the glare
Peace of mind awaits you there
Don't be afraid to stand your ground, and
Don't be afraid of who you are

CHORUS X2

Never had the help to find your way
There's nothing you could do or could say
You had to find your own mistakes to learn
Just look inside you
You've got to find your own way through

CHORUS X2
