I bought you a fur coat when you were fifteen  
You wore it to the disco, but everyone was in jeans

But you were a rich girl, and only having fun  
Your worn out, brought stares from everyone  
Hey, little rich girl where did you go wrong?

You left for London, when you were nineteen  
Had to pawn all your nice clothes, just living on dreams  
A man in the bright lights took all that you own  
Now he's taken your freedom for a fate unknown

But you were a rich girl, hardly having fun  
Your worn out dresses, brought stares from everyone  
Hey, little rich girl where did you go wrong?

Hey, little rich girl you've been away for so long  
And now little rich girl, my words are in this song  
Hey, little rich girl my love for you is gone  
And now little rich girl, I know where you went wrong

At your dad's office party all the movies were blue  
Caused him so much heart ache, because the screen  
star was you  
You left for London, when you were nineteen  
Had to pawn all your nice clothes, but you were living  
on dreams

You were a rich girl, and only having fun  
But your worn out dresses, brought stares from  
everyone  
Hey, little rich girl where did you go wrong?  
Hey, little rich girl where did you go wrong?  
Hey, little rich girl where did you go wrong?
