You twisted a nerve, you  
put your hand on your heart and  
you said hey dont worry  
your fit women, that's all that counts and,  
yes

I ignored all the usual signs  
not really knowing quite why  
i let you decide, yeh eh  
aint it funny how  
i'm finding out now  
it makes me laugh  
how i let you have your way and your say  
i've got it now so i'm asking you babe

chorus:

Did i ever even cross your mind  
cause it's not a game of who is under  
the thumb  
i think you took me for a ride (ride, ride)  
but i didn't see  
I, didn't even realise  
boy that we were playing games of  
under the thumb, I  
think you took me for a ride ride ride  
what a waste of me.

oh oh oh

A pro at the sweet talk  
back into your bedroom again like  
a fool i went blindly  
as soon as i got the invite, yes  
i ignored all the usual signs  
swallowed it down with my pride  
let you decide, yeh eh

aint it funny how  
i'm finding out now  
it makes me laugh how

i let you have your say and your way  
i've got it now so i'm asking you babe

oh wo oh

Did i ever even cross your mind  
cause it's not a game of who is under  
the thumb  
i think you took me for a ride (ride, ride)  
but i didn't see  
I, didn't even realise  
boy that we were playing games of  
under the thumb, I  
think you took me for a ride (ride ride)  
what a waste of me.

(ooh, ooh, ooh) what a waste of me (ooh, ooh, ooh)

ooh i though you were for real  
so i kept giving more (oh oh oh oh oh oh)  
ooh now i want you on your knees  
begging on the floor (oh oh oh oh oh oh)

Did i ever even cross your mind  
cause it's not a game of who is under  
the thumb  
i think you took me for a ride (ride, ride)  
but i didn't see  
I, didn't even realise  
boy that we were playing games of  
under the thumb, I  
think you took me for a ride (ride ride)  
what a waste of me.

Did i ever even cross your mind  
cause it's not a game of who is under  
the thumb  
i think you took me for a ride (ride, ride)  
but i didn't see  
I, didn't even realise  
boy that we were playing games of  
under the thumb, I  
think you took me for a ride (ride ride)  
what a waste of me.

ooohh ooohhh ooohhh
