If there's hate in this heart
Then there's hate in that heart
For one hand claps not without the other

If there's hate in this heart
Then there's hate in that heart
For one hand claps not without the other

From love springs love
But who can say
If the love is not returned
It furthers by the day

From hate springs hate
So we have found
It's growing ever stronger
We will see it all around

With every chance y'all take
And every heart y'all break

You know that every day I'm more disappointed
By the world and I'm losing my faith
We made the hell that we have to live
Another universal truth

We keep on asking the same kind of questions
We keep on fighting the same type of wars
But you will find what you need inside
To be a superior mind
Superior mind

Do you still believe?
In what you said was right
You kept saying that you loved me
But you were wrong, it's lust at first sight

'Cause we've been this way for as long as
We can remember
Why do you always make the choice to punish
Without the scars to show
You will never grow

You know that every day I'm more disappointed
By the world and I'm losing my faith
We made the hell that we have to live
Another universal truth

We keep on asking the same kind of questions
We keep on fighting the same type of wars
'Cos you will find what you need inside
To be a superior mind

Oh no, oh no, oh no, oh no, oh no
It will never change, it will never make sense, oh no
(Oh no, oh no, oh no, oh no, oh no)
You will never find your way
If you never choose to play that game, oh no
(Oh no, oh no, oh no, oh no, oh no)

We keep on making the same mistakes over and over
Your love turned to hate and your hate turned to love
We killed all the things that I used to be dreaming of

Every day I'm more disappointed
By the world and I'm losing my faith
We made the hell that we have to live
Another universal truth

We keep on asking the same kind of questions
We keep on fighting the same type of wars
'Cos you will find what you need inside
To be a superior mind
Superior mind

Every day I'm more disappointed
By the world and I'm losing my faith
We made the hell that we have to live
Another universal truth

We keep on asking the same kind of questions
We keep on fighting the same type of wars
'Cos you will find what you need inside
To be a superior mind

If there's love in this heart
Then there's love in that heart
For one hand claps not without the other

If there's love in this heart
Then there's love in that heart
For one hand claps not without the other
