Im big in Japan, Im big in Japan

I got the moon, I got the cheese  
I got the whole damn nation on their knees  
I got the rooster, I got the crow  
I got the ebb, got the flow

I got the powder, not the gun  
I got the dog, not the bun  
I got the clouds, not the sky  
I got the stripes, but not the tie

But hey Im big in Japan, Im big in Japan  
Im big in Japan, Im big in Japan

Hey ho, they love the way I do it  
Hey ho, theres really nothing to it

Got the moon, I got the cheese  
I got the whole damn nation on their knees  
I got the rooster, I got the crow  
I got the ebb, I got the flow

I got the sizzle, but not the steak  
I got the boat, but not the lake  
I got the sheets, not the bed  
I got the jam and not the bread

But hey Im big in Japan, Im big in Japan  
Im big in Japan, Im big in Japan

I got the moon, I got the cheese  
I got the whole damn nation on their knees  
Got the rooster, I got the crow  
I got the ebb, I got the flow

And Im big in Japan, Im big in Japan  
Im big in Japan, Im big in Japan
