You're a mistake, one that I wish I never made  
And now I can't believe that I tried so hard  
To stop these changes that you made, you still try to  
get laid  
We're through, break the tension, you need  
intervention

I'm glad that you aren't mine  
You're just a waste of time

You did nothing good for me  
It took a while but now I see  
That I'm better off feeling sublimed, cause you tried to  
corrupt my mind  
I got caught up in the breeze,  
You manipulative tease  
Cause I'm nothing but a teenage boy and I'm not your  
dumb play toy

I erased the thought of you out of my brain  
Cause now I can't stand you, you made a mark  
On how I present myself and resent all the filth  
That is living, contagious with habits outrageous

I'm glad I've finally seen  
How much of a bitch you can truly be  
This is all I can take  
I'm leaving, you were just a mistake  
No, this isn't a dream  
I truly think you're a catastrophe  
I'm rid of your bitter taste  
I'm finally free, but your life's still a waste

(I wish I'd never met you  
You're such a worthless whore  
Now all my fears have come true  
Get out now and shut the door)

God, I'm glad that you're not mine  
But I promise that we'll both do just fine

You did nothing good for me  
Took a while but now I'm free  
I'm finally away from the crime, and now the whole  
world is mine  
Now the grass is always green  
And there's a whole new world to see  
And now my life is perfection without your misdirection

Now I can finally say that  
I hate you
