"The Pull"

I heard you cry across the valley
Anguish in the riff
With brother love like comforter
Cast the message of the dove

Enclosed in walls or freedom plains
Wallow in the sound
For this noise is so unique
Inspiration all around

Now I must decide
What to do with me
Now I must decide
What to do with me

Never falls on deaf ears
Even ignorance hears the voice
Excitement in the undertow
A generation of our choice

Sky light flies forgotten heir
City screams displaced
Brightness calls me everytime
I listen to your face

Now I must decide
What to do with me
Now I must decide
What to do with me

I fall in hopeless neon
The city calls me close
So many friends? so torn apart
But is my heart my host?

The struggle that I long to win
is a battle I can't fight
'cause love and peace are not enough
when the future's out of sight

now I must decide

what to do with me
now I must decide
what to do with me
