Excuses, I don't wanna hear no more
Cause baby say it over a million times
And you're not original at all!
This is made believe
Smoking arrows, call it Chris Angel
You pretended you was the one
Now I can separate from you, I'm done!
Nothing you can say at all because

Bridge:

It's been too long, time to move on
Give me ..and I don't know!
So tell the truth, so helping you
You run out of luck and this s good!

Chorus:

You had all the time in the world,
But you don't, you don't
Say that you love me boy
You don't, you don't
I don't wanna hear it
So you should stop lying!
I don't wanna hear it
So you should stop lying!
All the time in the world
But you don't, you don't
Saying that you love me boy,
You don't, you don't
I don't wanna hear it
So you should stop lying!
I don't wanna hear it
So you should stop lying!

Now you're stumbling, stuttering all over your words
Before you left with her, boy you should have
rehearsed
I know that you don't mean anything that you're saying
right now
So please say the last coming out of your mouth!
I'm sorry! Can't get another chance
Wait, let me think about it! No never again!

Because the last time, you said that the last time
And this is the last time, and not gonna hurt me again!

Bridge:

It's been too long, time to move on
Give me ..and I don't know!
So tell the truth, so helping you
You run out of luck and this s good!

Chorus:

You had all the time in the world,
But you don't, you don't
Say that you love me boy
You don't, you don't
I don't wanna hear it
So you should stop lying!
I don't wanna hear it
So you should stop lying!
All the time in the world
But you don't, you don't
Saying that you love me boy,
You don't, you don't
I don't wanna hear it
So you should stop lying!
I don't wanna hear it
So you should stop lying!

You were a liar, cheater, to see the heart break down
..let you back in my life
Not making the same mistakes I made before letting
you beat at my door
Hoping one day you'll change and it won't be this way!
Top this talk about I don't wanna hear no more
I can do better without you, this what I'm doing now!
So you can keep your politics, no working on me!

Bridge:

It's been too long, time to move on
Give me ..and I don't know!
So tell the truth, so helping you
You run out of luck and this s good!

Chorus:

You had all the time in the world,
But you don't, you don't
Say that you love me boy
You don't, you don't
I don't wanna hear it
So you should stop lying!
I don't wanna hear it
So you should stop lying!

All the time in the world
But you don't, you don't
Saying that you love me boy,
You don't, you don't
I don't wanna hear it
So you should stop lying!
I don't wanna hear it
So you should stop lying!
