Here we are, talking for hours
But one thing, feels it's covered
I thought we just had eachother
It came out, we worked undercover

But-ut-ut-ut

Here we are, talking for hours
But one thing, feels it's covered
I thought we just had eachother
It came out, we worked undercover

But, that won't do

I don't want to
I don't have to
But I know you save the best for last
I'm a rated, you're just faking

You save that for somebody else x3

I thought we were forever
But for you, I'm just a sodder
Well I thought, we would care for eachother
But I come home, ran into your lover

But, that won't do

I don't want to
I don't have to
But I know you save the best for last
I'm a rated, you're just faking
You save that for somebody else x5 (Somebody else)
