Prime time blues
Prime time blues

Every day is a world of possibilities
Every day we've got to challenge our abilities
Every day we're stifled by responsibilities
There's no way to put your mind at ease

Every day could be the day our dreams materialize
Every day we're forced to find another compromise
Every day resembles life
has a busy noon and a quiet night
Let tomorrow bring some peace of mind

In the middle of life
We're on top of the world

In the middle of life
We're riding high

In the middle of life
We're on top of the world

In the middle of life

In the middle of life
We're on top of the world

But under pressure

Prime time blues
Prime time blues

Every night we allow ourselves a dream or two
Every night there's time enough for feeling blue
Every night as we watch the fight
where dreams meet up with necessities
hope remains to find some peace of mind
