Please talk we need to communicate  
So sort things out to get things straight  
I try this and I try that  
But you just grab your coat and hat  
Please talk why don't you participate  
Don't close the door don't shut the gate  
When I tell you I'm not reaching you  
You're on your feet and out of here  
With the same old lines  
Just call me dear  
You can reach me almost anywhere

Telephone talking  
Telephone walking  
It's a good move  
It's a good groove  
A hand full of buttons can take me away  
Anywhere I want to go I do it night and day

Telephone talking  
Telephone walking  
It's a good move  
It's a good groove  
I use it in the bar  
I use it on the beach  
The only freedom is the freedom of speach

I wish I had your hand to hold  
I'm lonely now it's getting cold  
Get back here get close to me  
Right here's the place for you to be

I wish I had a heart of gold  
But I can't stand being put on hold  
Cause if you do it will be the last time  
I'll ever bring myself to bear  
Those stupid words  
Just call me dear  
You can reach me almost anywhere

Telephone talking

Telephone walking  
It's a good move  
It's a good groove  
A hand full of buttons can take me away  
Anywhere I want to go I do it night and day

Telephone talking  
Telephone walking  
It's a good move  
It's a good groove  
I use it in the bar  
I use it on the beach  
The only freedom is the freedom of speach

Tell me how to stay in love  
When we only stay apart  
I want you to stay with me~stay with me  
I need you now

You know I never could move away and leave you know  
But as you know I have to move around a lot I can't sit  
Down  
No other woman can move me like you do my love  
I'll say the things you love to hear  
So call me if you want me dear

Telephone talking  
Telephone walking  
It's a good move  
It's a good groove  
A hand full of buttons can take me away  
Anywhere I want to go I do it night and day

Telephone talking  
Telephone walking  
It's a good move  
It's a good groove  
I use it in the bar  
I use it on the beach  
The only freedom is the freedom of speech
