Let's make a film, it'll be such fun  
All you need is a girl and a gun,  
Apparently

We'll pump it full of art and sex  
It'll make a sure-fire success  
Of you and me

And if I crumble in the face of lust  
The porn, pain and prescription drugs  
Will get me through

So don't tell me I'm not thinking straight  
I'm looking rough but I'm feeling great  
I promise you

There's no turning back, Ruth

It's too much love that's killing me  
So that method stuff and your empathy  
I just don't need

Performance problems in the bed  
We'll beef up your part with blood and sweat

Just make-believe

That you're as happy as a bird  
Who thinks that "cage" is just a word  
We call home

And all your existential holes  
Will clog up when the camera rolls  
I swear

No, there's no turning back, Ruth  
There's no turning back, Ruth

The world's too big and life's too short  
To act so badly out of sorts  
We all grow up

But it feels like the end has come  
And we've only just begun  
To live, my love

No, there's no turning back, Ruth

All you need's  
A girl, and a gun  
Give a gun
