There is none like You
No one else can touch my heart like You do
And I could search for all eternity long
And find there is none like You

None like You
None like You
Not one like You
No, not one, not one like You

Your mercy flows like a river wide
And healing comes in Your name
Helpless children are safe in Your arms
There is none like You

There is none like You
No one else can touch my heart like You do
And I could search for all eternity long
And find there is none like You
None like You, none like You
I arrive in Heaven but You

There is none like You
No one else can touch my heart like You do
And I could search for all eternity long
And find there is none like You
