Opening the door to dine with Him  
Traveling to earth to let us in  
Laying down His glory crown of old  
Setting up the wedding feast foretold

Oh, we can't contain our love  
We turn it up loud

We love You Jesus  
For so many reasons  
For death and life and freedom  
Even now we love You

What manner of love is this that You would say?  
Your sin is mine, I'll take it to the grave then rising  
Death oh, death where is your sting today?  
Death is swallowed up in victory

Oh, we can't contain our love  
We turn it up loud

We love You Jesus  
For so many reasons  
For death and life and freedom  
Even now we love You

We love You Jesus  
In and out of seasons  
In valleys and on top of mountains  
Even now can we sing?  
We love You Jesus, Jesus, Jesus, Jesus

We love You Jesus  
For so many reasons  
For death and life and freedom  
Even now

We love You Jesus  
For so many reasons  
For death and life and freedom  
Even now we love You

We love You Jesus  
In and out of seasons  
In valleys and on top of mountains  
Even now can we sing?  
We love You
