

Reasoning

"Fallen Angels"

Visit "[Fallen Angels](#)" on MotoLyrics.com

You dream of your return
(I keep on dreaming that this time I'm leaving)
These days you tell the story well
(I keep deceiving myself)
Won't you teach me all that you know
(I told you I'm down, Will this all turn around?)
From the moment that you fell?
(Will this all turn around on itself?)

How I love your innocent heart
(Keep talking that way and I'll expect you to stay)
This time it's tearing me apart
(You knew what I was from the start)

We are just like fallen angels
And we will learn to survive
Feel your freedom don't deny it
Hold on to the fallen sign
We will get what we deserve

Keep on fighting, keep surviving
Keep returning, fires are burning
