You're heartbreak in teenage life
They wanna be like you, they wanna know how it's like
I'll find you out, you know I'd try
I'll find you out, you know I'd try

'Cause Marianne, your girls are sleeping in
Marianne, your girls are sleeping in
Marianne, your girls are sleeping in
Marianne, your girls are sleeping in, they're sleeping in

You're a professional but where does it go?
You're singing Marianne when you were young but now
you're old
They will find you out, even though you tried
They will find you out, even though you tried

'Cause Marianne, your girls are sleeping in
Marianne, your girls are sleeping in
Marianne, your girls are sleeping in
Marianne, your girls are sleeping in, they're sleeping in

'Cause Marianne, your girls are sleeping in
'Cause Marianne, your girls are sleeping in, they're
sleeping in
'Cause Marianne, your girls are sleeping in
'Cause Marianne, your girls are sleeping in, they're
sleeping in
