This race is impossible to win
But you keep running for your life
You try to relate to where you've been
But you'll never get it right, never get it right

You say it's way too hard for you to take
This feeling you're stranded
Baby we could break away

You wanna run, wanna run, wanna get gone
Let's break free
So come on run come on run with me
You wanna feel wanna see, want to get out of sight
So come on run, come on run, come on run
Until you feel alright,
Until you feel alright

You wear this life is not for you
You're closed in and there's nothing you can do
Take my hand, take my hand, baby we could run
You say it's over but it's only just begun
Oh baby, it's easy there's nothing that you need
No never say never
I'll show you how it all can be

You wanna run, wanna run, wanna get gone
Let's break free
So come on run come on run with me
You wanna feel wanna see, want to get out of sight
So come on run, come on run, come on run
Until you feel alright,
Until you feel alright

Give into feeling I am sending you away
There's only one thing left that can take away your pain
Let me steal you honey leave it all behind
Cause with you'll see that everything will be just fine
Yeah, it's gonna be alright

You wanna run, wanna run, wanna get gone
Let's break free

So come on run come on run with me
You wanna feel wanna see, want to get out of sight
So come on run, come on run, come on run
Until you feel alright,
Until you feel alright
