You could fool them... but you, but you can't fool me...  
You could fool some people sometimes, I got it, I got it  
all figured out

[Verse One]

You have never heard the likes of me, pretending to be  
nice to me  
So you can get all up and close and personal with my  
psyche  
A blueprint couldn't even help you find your way  
around  
The schematic of my brain you couldn't figure out the  
sound now  
Take a look around you, everything astounds you  
The search and rescue teams of dogs and psychics  
couldn't find you  
Very hopeless, out of focus, I was open when I wrote  
this  
Cameras on post and propoganda stuck on posters  
{BLAOW!} Another freedom fighter hit the ground  
And many more to come if we don't turn this shit  
around now  
{BLAOW!} Another freedom fighter hit the dirt  
That's why I'm undercover super secret and covert now  
Blood of Abraham, I'm just two ordinary people with  
extrordinary minds who pay attention to the signs  
Watch your back, be careful don't be careless  
In this day and age your paranoia is awareness

[Chorus]

Paranoia is awareness, why we scared of this, why we  
gettin careless  
(L.A. down to New York, Australia to Uganda) .. don't  
need propoganda  
Paranoia is awareness, why we scared of this, why we  
gettin careless  
(New York down to L.A., Australia to Uganda) .. don't  
need propoganda

[Verse Two]

Adjust your minds think optimistic, kids I'm drinkin

double fisted  
I'm the simplistic, friendly neighborhood mystic  
Technology has put a strain upon humanity  
The Western mentality with the Eastern philosophies  
All mixed up in one, threw me in the right-hand sun  
Baskin in the rays and radio waves, ether that's rotund  
Damn it's somethin when your stomach starts to  
grumble  
Just when you thought shit was in control I'll make you  
fumble now  
{BLAOW!} Another freedom fighter bites the dust  
Votin for the less of evils cause we never trust now  
{BLAOW!} Another freedom fighter disappears  
Never to be seen again they feedin on your fears now  
The Blood of Abraham are just two ordinary people with  
extrordinary minds who pay attention to the signs  
Watch your back, be careful don't be careless  
In this day and age your paranoia is awareness

[Chorus]

[Interlude]

You could fool some people sometimes  
But you can't fool all the people all the time  
You could fool some people sometimes  
(I got it all figured out... y'know?)

[Verse Three]

It's amazing when you stop and think about the times  
we're livin in  
The government should hand out free shampoo with  
their conditionin  
They're callin all the master plans to hook their lines  
and sinkers  
They captured all the fools and now they're lookin for  
the thinkers  
But you shouldn't have to worry, cause you're not one  
of those  
Individuals who show the negative exposed like, light  
You slipped on rock you went and now saw the roaches  
scatter  
Put that same rock back you wouldn'ta saw the roaches  
splatter

[Verse Four]

It's amazing when you stop and think about the times  
we're livin in  
The government should hand out free shampoo with  
their conditionin  
They're callin all the master plans to hook their lines  
and sinkers

They captured all the fools and now they're lookin for  
the thinkers

[Chorus]

[Outro]

Paranoia is awareness, why we scared of this, why we  
gettin careless  
(Israel to Asia, Europe to Atlanta) .. don't need  
propoganda

(Bahamas on to China, yeah, yeah) .. don't need  
propoganda
