Oooooohhh am I dreamin' ?  
Oooooohhh am I dreamin' ?  
Am I alone ?  
Oooooohhh am I dreamin' ?  
Am I alone ?  
Yeah

I like to wait 'til late nite, 'til you  
Muthafuckas sleep  
I crawl in through your window and i  
Muthafuckin' creep  
I catch you little punk ass kids asleep in your beds,  
And I take out my knife and I cut off your  
Muthafuckin' heads  
I want your last breath  
I want your last breath

Chorus  
You're not dreamin'  
You're not alone

Oh I want your last breath, your  
Last breath, your last breath  
I want your last breath

So you go downstairs to see if everything is alright  
You're afraid you're alone and it's late on a rainy night  
Are you asleep or awake you don't know  
As you turn around,  
And my rusty blade cuts you open and you hit the  
ground  
I want your last breath  
I want your last breath

Chorus

You're no dreamin'
