This is me and my smoker chic  
Yeah that's one I'm smoking with  
Nigga be acting all broken shit  
That's when I'm done with my smoking chic  
Oh yeah we're rolling up, oh yeah we're rolling up  
Yeah yeah  
Listen

She bring a role and paper i ain't gotta ask  
All to me and her i ain't gotta pass  
Curvy hips, nice tits and a lot of ass  
She don't mind when i mix it with a little hands  
And have a little breath when i met the .. begs  
..and smoke they never hit her with no cash  
Got her with the total stay where the nigga said  
And she use it the real nigga don't hit the niggas' back  
Came for good game she took it as a blessing  
If my niggas coming out the pocket every smoke  
session  
Then got the way up in the prison so the smoke and  
sexing  
She had the .. blast like a f\*cking necklace ah  
Ah and she flyer than she stood with us  
And she so cool i bring that bitch in the ..  
And i stood us like i needed all alone  
Especially when you turn that pepsi in a lot of bone  
She don't blow phones 'cause she barely talks  
Rather text than conversate it all  
Investment ..she ain't gonna hit it that's a make it call  
So ..when you make it with no ..  
So much decision in the twisting so she roll it quick  
I put up in ..that you go and get  
Nigga sit me like .. who you smoking with  
I laugh and tell em is me and my smoking chic
