Well, I'm alone and I'm feeling lost
If I could only have it all
Then I'd be alright
'Cause I can't see who I really am
Through all the doubt that I'm living in
But I know it, yeah
Right before I hit the ground

Why am I losing sleep?
Yeah, feeling like I do
Why am I losing you?
And I'm feeling lost

There's a dark cloud over me
And I can't shake it off
I can't make a move to save myself
Thoughts keep spin' into my head
All the times that we never did
What we want to, yeah
Right before I hit the ground
It's just like a dream

Why am I losing sleep?
Yeah, feeling like I do
Why am I losing you?
And I'm feeling lost

The distance grows, I'm sinking down
And what I lost, it can't be found
Although I try
Can't find my way
Nothing is falling into place
Oh, no no
And I'm feeling lost...
I feel, I feel, yeah, It's just like a dream

Why am I losing sleep?
Yeah, feeling like I do
Why am I losing you?
And I'm feeling lost
Why am I losing sleep?

Yeah, feeling like I do
Why am I losing you?
And I'm feeling lost
