How many times have I talked the talk
But couldn't walk
Beyond what's safe to say
Let too many people comb my hair
I'd stop and stare
I let time astray

I don't know
Why I can't get through this door
Which I could never do before
Revolving Door I can't ignore
I've got to take a stand
To move this revolving man

I made a life in the lost not found
Til you came around
You spoke of words I used to say
You freed my wares, pushed my fears aside
You calmed my stormy mind
You just walked with me

I don't know
Why I can't get through this door
Which I could never do before
Revolving Door I can't ignore
It was the magic in your hand
How you moved this revolving man

I'm moving forward and I can't look back
I'm angered at
All the time I spent astray
To rediscover what I left behind
Needed it's time
You couldn't wait for me

Now I know, how you pushed me through that door
Which I could never do before
Revolving door, spins no more
It was the magic in your hand
How you moved this revolving man
