Hello, I am your destiny
I was born to break your heart
You knew it right from the start

Goodbye, farewell to your innocence
I'm a point of no return
I'm a fire I will burn

Baby I was born to break your heart
Baby I will tear your heart apart
I'm your evil angel with a smile of a reptile
I will avenge all the tears I cried
I was born to break your heart

For you, I'm down right dangerous
Deadly just like drugs
Baby I'm poisonous
So come on, come on and kiss the pain
My lips will leave a stain
But baby you cannot stay away

Baby I was born to break your heart
Baby I will tear your heart apart
I'm your evil angel with a smile of a reptile
I will avenge all the tears I cried
I was born to break your heart

I will leave a scar
Cut you deep
I will make you bleed

Ooh baby can you sense that taste
It's the flavor of your fate
A bitter sweet pill to take
B-baby, b-baby
Now you cannot be saved

I was born to break your heart (born to break your heart)
Baby I was born to break your heart (born to break your heart)

Baby I was born to break your heart
Baby I will tear your heart apart
I'm your evil angel with a smile of a reptile
I will avenge all the tears I cried
I was born to break your heart
